GOD SPEAKS TO THOSE WHO PRAISE HIM

WORSHIP for EVANGELISATION

This year is the 50th anniversary of Charismatic Renewal. One of its great gifts to the Church has been that of lively worship. We, the members of The New Springtime Community, are dedicated to evangelising and the training of evangelisers. We believe there is an intimate connection between the appreciation of God, hearing the living word of God, and effective evangelisation.

There are anointed moments of a contemplative awareness during heartfelt worship when Christians experience the presence, word and will of God. St Thomas Aquinas said that they should share the fruit of their contemplation with others, pre-eminently by means of evangelisation.

During the weekend, gifted praise leaders will teach about worship and lead the worship sessions. We not only expect to experience the prophetic word of God during our praises, which, hopefully, will be loud and long, but also inspiration, healing and deliverance.

Music Ministry will be led by Ronan Johnston & Michael Healy
